Establishing the Steering Committee

- The President established the UH Strategic Plan Steering Committee to play a critical role in initiating the strategic planning process. The Steering Committee’s first meeting was held April 1. The Steering Committee has met regularly throughout the summer and into the fall.

- Recommendations membership solicited from:
  - Chancellors/Provost
  - All Campus Council of Faculty Senate Chairs (ACCFSC)
  - Student Caucus
  - Pūkoʻa Council
  - (Emerging) Staff Council
  - System Offices
Steering Committee Members

Tammi Chun, Interim Assoc. VP for Academic Affairs, UHCC
Kalawai’a Moore, Asst. Professor, WIN CC
Laura Nagle, Dean, Career & Technical Education, UHMC
Thanh Truc Nguyen, Specialist, UHM; ACCFSC Co-chair
Hae Okimoto, Assoc. VP for Student Affairs; Dir, Acad Tech Srvcs, SYSTEM
Katrina-Ann Kapā Oliveira, Interim AVC, UHM
Kara Plamann-Wagoner, Institutional Policy Analyst, KAP CC
Kristen Roney, VCAA, HILO
Leslie Rush, Instructor, UHWO
Stephen Schatz, Exec, Director, Hawai‘i P-20, SYSTEM
Kailana Soto, Registrar, KAU CC

Vassilis Syrmos, VP for Research and Innovation, SYSTEM
David Tanaka, Facilities Manager, HON CC, Staff Council
David Uranaka-Yamashiro, Title IX Coordinator, HON CC
Syreeta Washington, Counselor, LEE CC
Alex Williamson, Undergraduate, LEE CC; UH Student Caucus
Garret Yoshimi, VP for Information Tech & CIO, SYSTEM
Consultation and Outreach

Input from multiple stakeholders will be a hallmark of the new strategic plan.

In consultation with the Steering Committee, the Office for the Vice President for Academic Strategy gathered input for the strategic plan through a number of different processes:

- Internal surveys
- Townhall meetings
- External online survey
- Individual Interviews with key external stakeholders (i.e. legislators, governor, mayors, etc.)

A website provides current information regarding the status of the plan.
Summary of Results of UH Internal Survey

- A System-wide survey was conducted from April – May 2022, with 2,503 responses with mix of campuses and roles.
- Respondents were asked to rank the top three most important areas to address in the next 6 years.
- Student Completion, Workforce Opportunities, and Model Indigenous/Hawaiian Serving Institutions were the top 3 choices.

![Bar Chart](chart.png)
Summary of Results of UH Townhalls

- Four townhall meetings were held on May 3rd, 4th, 10th, and 11th with more than 230 participants (of 400 who registered).

- Four to ten breakout groups at each townhall meeting were asked to come up with their top three priorities.

- Workforce Opportunities, Model Indigenous/Hawaiian Serving Institution, and Student Completion were the top choices.

What should UH campuses’ top priorities be to best serve Hawai‘i? Please rank the importance of these priorities for the University over the next six years with rank 1 being the most important.
Summary of Themes from External Stakeholder Interviews

• A majority of external stakeholders would like the UH to play a key role in educating and developing Hawai‘i’s workforce and ensure the future success of its graduates.

• Many also want the UH to play a leading role in shaping the state’s future and that the UH will be evaluated on the basis of its ability to drive economic growth and diversification.

• External stakeholders, particularly elected officials, felt the UH should do more to look beyond Hawai‘i’s borders and position UH as a thought leader to solve Indo-Pacific issues.

• Many external stakeholders believe technology could enhance course offerings, particularly for those in remote locations or who are on alternative career pathways.

Additional Points:
• Affordability
• Improve physical and technological infrastructure
• Leadership should be autonomous and independent from politics but also transparent and seek community input.
Internal stakeholders prioritize:
• Student success across the UH System
• Preparing students for workforce participation
• Advancing UH as a model indigenous/Hawaiian serving institution
• Diversity/Equity/Inclusion
• Modernizing facilities

External stakeholders prioritize:
• Success of UH graduates in Hawai‘i workforce
• UH role in addressing Hawai‘i’s challenges, opportunities and economic development
• Increasing statewide access for all to higher education
• Commitment to Native Hawaiians, language and culture
• Modernizing facilities
• De-politicization of and autonomy for UH
Better Together

518 faculty, staff, students, and administrators participated in four Town Halls in September and October 2022, collaborating in small groups and sharing 2,283 opinions via an online platform.

Overall, attendees voted that system-created objectives for each imperative are impactful.

“Experiential Learning allows for students to discover what they love, take risks, and learn how to talk about their skills.”
-a participant in favor of the Student Success Objective on Experiential Learning Opportunities

“Examine the needs of NH students and provide resources to fulfill those needs...basic needs, housing, students support, academic support are a few of the possible needs.”
-a participant in favor of the Kuleana Objective on Reducing Equity Gaps for Hawaiian Student Access and Success at All Levels

“Employers have valuable insight into the needs of particular industries.”
-a participant in favor of the Workforce Objective on Partnering with Employers to Ensure the Necessary Preparation and Support for Students to Succeed in their Careers
“Greater numbers of Native Hawaiians on the campus and in classes will be a factor in UH changing the culture of the campus itself and the nature of education in Hawai‘i.”

-a participant in favor of the Kuleana metric on the number of degrees for Native Hawaiian graduates

“Direct and simple metric. Most useful if combined with other outcomes and value measures.”

-a participant in favor of the Innovation & Research metric on the amount of extramural & philanthropic funding

“Opportunity to align programs with workforce needs across the state as these vary by county/island.”

-a participant in favor of the Workforce metric on size of shortages in key sectors/occupations
Hawaiʻi’s University for Today and Tomorrow
Vision and Mission

Vision
The University of Hawai‘i is the world’s premiere integrated higher education system, advancing the quality of life for all the people of Hawai‘i through robust educational offerings and world-class discovery while modeling how institutions must embrace responsibilities to indigenous people and place in the 21st century.

Mission
With a focus on creating a healthy and thriving future for all, the University of Hawai‘i provides broad educational opportunity for all as the higher education destination of choice in the Pacific that nurtures the personal success, leadership capacity and positive engagement of every resident of Hawai‘i. It engages in world-class research, scholarship and service that promotes the welfare and sustainability of Hawai‘i’s people and environment while achieving global impact by enriching the fundamental knowledge of humankind. Woven through all it does is an appreciation of and commitment to indigenous Hawaiian people, culture, values and wisdom.
Foundational Principles

We envision each of these principles as integrated and informing each of our imperatives.

- **Hawaiian Place of Learning** – UH champions the principles of aloha, caring for people and place, as we integrate Hawaiian language, culture, history and values across the institution and its work.

- **Statewide Need** - The UH System’s primary responsibility as the only public provider of post-secondary education is to support the needs of the state of Hawaii.

- **Diversity and Equity** - UH System upholds its commitment to provide higher education opportunities for all, especially those historically underrepresented including Native Hawaiian, Pacific Islander, Filipino, economically disadvantaged, first generation, LGBTQ+, rural and students with disabilities - as well as continue to diversify its faculty, staff and leadership.

- **Sustainability** - UH recognizes its responsibility to the ‘āina through its own practices, through education, and by developing solutions to the complex global challenges of climate change, sustainability and resilience.

- **Stewardship of Resources including facilities, processes, and human resources** – UH is committed to ensure its economic viability and will responsibly organize, align and allocate institutional resources effectively as a system.
Imperatives

• Fulfill Kuleana to Hawaiians and Hawai‘i
• Develop Successful Students for a Better Future
• Meet Hawai‘i Workforce Needs of Today and Tomorrow
• Diversify Hawaiʻi’s Economy through UH Innovation and Research
Imperative: Fulfill kuleana to Hawaiians and Hawaiʻi

Goal: Model what it means to be an Indigenous-serving and indigenous-centered institution — Native Hawaiians thrive, traditional Hawaiian values and knowledge are embraced, and UH scholarship and service advance all Hawaiians and Hawaiʻi.

1. Ensure that UH supports the success of Native Hawaiians in learning, teaching, service and research across our campuses and nurtures Native Hawaiians as leaders.

2. Create opportunities for all UH students, faculty, staff, executives and regents to inform their work by learning about Hawaiian language, culture, knowledge, and the past and present impacts of colonization.

3. Play an active role in the reconciliation of injustices, advancing language parity, and improving the lives of Native Hawaiians across the islands.

Primary metrics:

• Support the Hawaiʻi Papa o Ke Ao leadership council in creating a detailed plan as an update to the 2012 Hawaiʻi Papa O Ke Ao Report in consultation and collaboration with the Pūkoʻa Council and others throughout the university. The detailed plan to achieve this imperative and these objectives will be presented to the Board of Regents within one year of the adoption of this plan.
**Imperative:**
Develop Successful Students for a Better Future

**Goal:** Educate more students, empowering them to achieve their goals and contribute to a civil society.

1. Increase participation in post-secondary education statewide.
2. Provide students the necessary support for student success, including addressing barriers to access, basic needs (such as food and housing insecurity) and holistic health and wellness.
3. Fully deploy multiple modalities of instruction that recognize changing times and widely differing student preferences, needs and goals.
4. Provide innovative learning experiences that prepare students to achieve their personal and professional goals while fulfilling their kuleana to people and place.
5. Improve campus infrastructure to promote a vibrant, inclusive, and safe environment on campuses across the UH System.

**Primary metrics:**
- Number of degrees and certificates awarded, including industry-recognized credentials, disaggregated for underrepresented groups.
- Increase the number of returning adults and those enrolling in distance/on-line programs.
- Social/economic mobility index or survey results of alumni perception of success after graduation.
**Imperative:** Meet Hawai‘i Workforce Needs of Today and Tomorrow

**Goal:** Eliminate workforce shortages in Hawai‘i while preparing students for a future different than the present.

1. Prepare professionals to fulfill statewide needs in occupations that are essential to community well-being, including education, health, technology, skilled trades and sustainability/resilience.
2. Enhance non-traditional offerings, including micro-credentials serving needs of specific groups of students, and industry certified credit and non-credit credentials, for those seeking upskilling or career change opportunities.
3. Partner with employers to ensure the necessary preparation and support for students to succeed in their careers.
4. Prepare graduates for life-long learning, innovation and entrepreneurship.

**Primary Metrics:**
- Size of workforce shortages in key sectors/occupations (e.g., teacher shortage).
- Number of students with work-based learning, entrepreneurial and research experiences, and internships with a preference for paid internships.
Imperative:
Diversify Hawai‘i’s Economy through UH Research and Innovation

Goal: Build and sustain a thriving UH research and innovation enterprise that addresses local and global challenges by linking fundamental scientific discovery with applied research necessary for technological innovation to create jobs and advance a knowledge based economy.

1. Build out and sustain research and innovation hubs in key areas: Climate Resilience, Energy and Sustainable Ecosystems; Ocean, Earth and Atmospheric Sciences; Astronomy and Space Sciences; Data Sciences and Global Cybersecurity; Health and Wellness; Food Security and Agriculture; The Asia-Pacific and Hawai‘i

2. Leverage intellectual diversity and indigenous innovation.

3. Generate intellectual property and spin off startup companies that create high-quality jobs.

Primary Metrics:
• Amount of extramural and philanthropic funding, including in identified hubs.
• Number of active licenses and options.
• Number of UH spinoff companies and jobs created.
Next Steps

• Make revisions based on BOR and other final comments
• Communicate final plan to internal and external constituencies
• Develop system and campus implementation plans and supplemental metrics
• Report on annual progress to BOR through one imperative each quarter
