MAJOR FUNCTIONS

General

The Contracts and Grants Management Office (CGMO) is responsible for the systemwide review, approval, execution, financial management, accounting and reporting, of all extramurally financed contracts, grants, and non-financial agreements entered into by the University of Hawaii.

CGMO's responsibilities include the administrative review and approval of all proposal applications and offers to extramural sponsors and the execution of grants, contracts, subcontracts, cooperative agreements, and other non-financial or affiliation agreements; the negotiation of contract and grant terms and conditions, and the resolution of disputes and other related issues with sponsoring agencies; the development and dissemination of systemwide administrative and financial management directives and procedures including the formulation of administrative and financial policies relating to extramurally financed programs and activities; the review of departmental, campus-wide, and systemwide office operating procedures, internal controls, and records to insure compliance with applicable federal, state, and University policies, procedures, regulations, and directives; the coordination and resolution of audits and cost disallowances with sponsoring agencies; the provision of counsel and guidance to campus administrators, chancellors, deans, directors, principal investigators, and departmental administrative staff on financial and administrative matters relating to extramural programs including the interpretation of contract and grant terms and conditions; the issuance of financial reports, billings, and vouchers to sponsors; the preparation of various cost studies including indirect overhead and the negotiation of overhead rates with the cognizant federal agency; the Instructional Unit Cost Study which is performed as a support service to the Office of Planning and Policy; the development of the necessary accounting systems to insure compliance with federal cost principles and financial management standards and to meet the administrative and managerial needs of the University; and the overall coordination of extramurally financed activities with federal, state, and other sponsoring agencies. CGMO also serves as the University's central recorder and

depository of contracts, grants, and cooperative agreements. CGMO's organizational structure is divided into three (3) functional sections:

1. Contracts and Grants Administration
2. Federal Compliance and Audit Coordination
3. Accounting, Reporting, and Cash Management

1. Contracts and Grants Administration

Responsible for the overall administration and management of all extramurally financed contracts, grants, and cooperative agreements through the various pre-award, post-award, and close-out phases. Responsibilities also include the development, implementation, and maintenance of system controls for the administrative management of extramurally financed agreements; the issuance and updating of systemwide administrative procedures relating to contracts and grants management; and the presentation of periodic workshops and information sessions to familiarize appropriate University personnel on procedural changes and to discuss and resolve problem areas.

Pre-award Phase

Provide guidance and assistance in the review, processing, and submission of proposals, offers, and non-financial or affiliation agreements for faculty members including the preparation of necessary certifications and assurances required by sponsoring agencies.

Review, negotiate, and recommend acceptance of contracts and grants, and cooperative agreements; and insure the timely processing and execution of new contract and grant awards, renewals, and extensions from sponsoring agencies.

Post-award Phase

Review, evaluate, and make recommendations for the establishment of temporary accounts and advance funding requests, and for action on sponsors prior approval systems (OPAS and IPAS) and indirect cost adjustments.

Provide counsel and guidance to P.I.'s and F.O.'s on program administrative matters including the interpretation of contract and grant terms and conditions relating to the reprogramming of project funds,

allowability of costs, and the transfer or subcontracting of project scope to another College or University.

Close-out Phase

Monitor and coordinate the administrative close-out process of extramurally financed research and training contracts and grants and insure timely submission of required management reports, patent or copyright reports, property inventory reports, scientific and technical reports, and other special reports that may be required by sponsoring agencies.

Cost Studies

Conduct and coordinate analytical studies relating to the computation of federal indirect cost rates, user charges for specialized service facilities, vacation reserve fund requirements, and other special studies as required.

Indirect Cost Study

As necessary, develop, improve, and revise cost accounting systems, management information systems, allocation methods, and compilation techniques used in the development of indirect cost rate for federally sponsored agreements.

Compile and allocate pool costs to various major functions of the University and insure data compilation, allocation techniques, and methodologies are consistent with approved memorandum of understanding between the University and the Federal government and applicable federal regulations.

Prepare annual indirect cost rate proposal to cognizant federal agency; coordinate the audit review process by Defense Contract Audit Agency (DCAA) and assist in the negotiations of rates.

Analyze user charge rate for specialized service facilities and other recharge centers.

Apply cost accounting techniques in the review and analysis of proposed user charges.

Assure rate development process is appropriate, equitable, and in compliance with applicable federal regulations and directives.

APR 24 1981

Review, analyze, and coordinate the submission of annual financial reports and proposed rate schedules to cognizant federal agency for review and approval; and coordinate the audit review process by DCAA.

Perform an annual Instructional Unit Cost Study as a support service to the Office of Planning and Policy.

Review and analyze vacation reserve requirements for collective bargaining personnel under federally sponsored agreements and compute annual vacation accumulation fringe benefit rate.

2. Federal Compliance and Audit Coordination

Review personnel, procurement and property management, insurance and risk management, accounting and financial reporting, research administration, patents and copyrights, EEO, and other related University business systems. Ascertain the adequacy of the University's financial management systems, internal controls and procedures, and insure strict compliance with federally imposed standards and requirements.

Review departmental and systemwide office records to insure policies and procedures are adequate to provide reasonable and reliable internal controls of assets, liabilities, revenues, and expenses. Identify deficiencies, if any, and the corrective measures necessary to improve effectiveness and efficiency.

Coordinate all functional reviews and audit examinations of federally sponsored programs conducted by DCAA and independent public accounting firms. Review and evaluate audit findings, coordinate the implementation of necessary corrective actions by appropriate campuses and departments, recommend improvements to established systems and procedures and coordinate the preparation and submission of audit responses.

Coordinate with the University's internal auditor to insure external audit requirements imposed by the federal government are met.

Review and monitor Research and Training Budget Status Reports and insure expenditure compliance within funding limitations; review and approve cost transfers and adjustments.

Follows-up on late accounts receivable and also reviews journal entries for all extramurally financed programs.

3. Financial Accounting, Reporting, and Cash Management

Coordinate the financial reporting, accounting, record maintenance, and cash management requirements of extramurally financed contracts and grants and cooperative agreements.

Financial Accounting, Reporting and Record Maintenance

Develop necessary accounting systems to accommodate financial reporting requirements imposed by the Federal government and to provide meaningful financial data for the review and evaluation of the financial status of federally sponsored programs; responsible for the maintenance of account master files and insure proper coding and deletion of inactive and terminated accounts; and review and approve requests for establishment of accounts and provide assistance to fiscal officers in setting up accounting systems and fiscal controls.

Prepare and process financial reports, billings and vouchers in accordance with contract and grant provisions specified by sponsoring agency.

Review and calculate final indirect cost charges for contracts and grants; initiate adjusting and closing entries and prepare final closing documents.

Maintain contracts, grants, and cooperative agreement files including original award agreement, correspondences and related documents.

Cash Management

Review, analyze, and project cash requirements for all extramurally financed research and training contracts and grants and determine necessary cash drawdown requirements for letter of credit and advance funding agreements.

Coordinate and process monthly cash advance requests and reimbursements for RCUH service ordered projects including the reconciliation of cash advances with actual expenditures.

Coordinate specific investments with UH Treasury Office and insure interest earnings are properly credited to appropriate accounts.

Review and monitor overhead income accounts and initiate periodic payments to State Department of Budget and Finance, and UH Research and Training Revolving Fund account.

Maintain and reconcile accounts receivables and advances from sponsors, and prepare fiscal year-end closing and adjusting entries.
