STATE OF HAWAI'I
UNIVERSITY OF HAWAI'I
SYSTEMWIDE ADMINISTRATION
VICE PRESIDENT FOR BUDGET AND FINANCE/
CHIEF FINANCIAL OFFICER
OFFICE OF CAPITAL IMPROVEMENTS

FUNCTIONAL STATEMENT

Capital Improvements Program (CIP) projects provides the University of Hawai'i campuses with a physical environment that supports teaching, research, and public service in keeping with the mission of the University. Facilities proved the centerpiece around which all other educational activities exist at the University. The buildings, infrastructure, and landscapes of the campuses should reflect the excellence and diversity of the academic enterprise.

OFFICE OF THE ASSOCIATE VICE PRESIDENT

Provides system-wide executive leadership, direction and control over the planning, development, implementation and integration of multi-campus CIP projects, long-range physical development plans, and associated CIP budget requirements.

PHYSICAL PLANNING AND PROJECT MANAGEMENT – DESIGN AND CONSTRUCTION

Physical Planning and Project Management – Design and Construction provides CIP implementation services from the conceptual planning stage to construction completion. This includes the coordination of long range development plans, facility project development reports, campus and facility design, and construction of major CIP developments.

The planning stage includes early and conceptual plans to ensure that the physical infrastructure of campuses meets instructional, research, recreational, and public service needs, while reflecting campus and community values. The focus during the planning stage is on facilities, infrastructure, environmental management, recreation, and open spaces that are undertaken within the framework of the Board of Regents approved strategic plan and campus long-range development plans. The planning stage provides project definition, space requirements, preliminary cost, preliminary schedule, and phasing scenarios.

Design and construction management stages include the implementation and execution of CIP projects to meet objectives of the plans and to develop projects within budget and on schedule. Physical Planning and Project Management – Design and Construction serves as the primary liaison among campus committees, user groups, consultants, and contractors in all project phases from planning, programming, design, and construction through occupancy. The function also includes development of project budgets and schedules, and manages the services of professional consultants (i.e., architects, engineers, etc.), and contractors.

ADMINISTRATION AND SUPPORT SERVICES

The Administration and Support Services provides administrative support to the Associate Vice President and the Physical Planning and Project Management – Design and Construction functions. Support services include fiscal, accounting, procurement, contract award and administration, capital budget preparation, legislative participation, and budget implementation, information/data systems, management reporting, asset management, and warranties. The Administration and Support Services directs, supports, and coordinates with campuses on the development of policies and standard operating procedures for means and methods to improve delivery, quality, and accountability in the allocation and expenditures of resources for physical facilities.

Provides leadership by facilitating and assisting campuses in the planning, development, implementation, and integration of a multi-campus repair and maintenance program.
