(Page 1 of 2)

The following information shall be submitted, on this form, by each bidder as a bid requirement.

It is the sole responsibility of the bidder to review the requirements of this project and determine the appropriate specialty Contractor's licenses that are required to complete the project.

Each bidder shall include the name and Nature / Scope of Work of each person or firm to be engaged by the bidder as a joint contractor or subcontractor(s) for performance of this contract. Failure to provide correct names as registered with the Contractor's License Board may be grounds for rejection of the bid submitted. The bid shall also indicate the nature and scope of work to be performed by such joint contractor or subcontractor(s).

The bidder acknowledges that as a general contractor ('A' or 'B' license) the bidder is prohibited from undertaking any work solely or as part of a larger project, which would require the bidder ('A' or 'B' general contractor) to act as a specialty ('C' license) contractor in any area in which the bidder ('A' or 'B' general Contractor) has no specialty Contractor's license. The bidder ('A' or 'B' general Contractor) must have the appropriate 'C' specialty Contractor's licenses either obtained on its own, or obtained automatically under the rules and regulations of the Contractor's License Board, Department of Commerce and Consumer Affairs. This list shall not be changed or altered without the written consent of the Procurement Officer.

All bids which do not comply with this requirement may be rejected.
